

Jarrell Fire & Rescue Junior Fire Cadets

It is our aim that each cadet will leave this program with a better sense of responsibility and that he/she will be more accountable for their actions in their family and their community. We hope that by exposing cadets to the skills of firefighters and the rules employees must follow to achieve success, he/she will have a better idea about what it takes to accomplish their future career goals. Session: June 24-28. Please contact Morgan Coop or Vanessa Tucker for more information at at 512-746-2505 (ext. 0015) or admin@wilcoesd5.org for more information.

How did you hear about Jarrell Fire & Rescue's Junior Fire Cadet Program?

Please list anything we need to know about your child such as medical history, medications or special instructions (i.e.: child is shy, hyperactive, difficulty concentrating, impatient, helpful, has asthma, etc...)

Agreement

Firefighters, Paramedics & EMT's from Jarrell Fire & Rescue serve as instructors for the Cadet Program and will be with your child at all times. By signing below you are allowing them to treat your child for illness or injury to their level of training if the need arises and allowing for their participation. Both parent (s) and cadets also agree to abide by all program rules and listen to and follow the requests of the instructors.

NOTE: *Part of Junior Fire Cadet Program is enforcing things such as responsibility, trust, punctuality, honesty, dedication, compassion, respect, education & knowledge and community service to name a few. We need your help in enforcing these things by talking with your cadet at home about their day, helping them arrive on time, assisting them with any home projects and asking our instructors any questions you may have as they come up.*

The program has proven to be a fun and confidence building experience for the kids in the past. We will do things such as learn CPR, climb an aerial ladder, confidence building activities, practice fire safety procedures, learn to work a fire extinguisher, plan an escape route from your home and many more fun and educational activities that tie in with fire service.

We are confident your child will have a great time and we welcome you to another great year of Junior Fire Cadet Program.
